

Objective

Looking for enriching communities in which I can refine my experience with STEM and community interactions, thus helping me advance in my career.

Job Experience

Assistant Coach | KC Badminton Club

September 2020 - July 2021

Led and taught beginners the basics of badminton, allowing 80% to move on to the next level.

Communicated directly to parents and guardians regarding the progress of their children.

Inspired children to continue badminton, leading to 40% returning after summer to participate in group lessons.

Developed training regimens with more experienced coaches to deliver the most optimal program.

Experience in calming and communicating with children with special needs.

General Employee | Yogen Fruz

June 2020 - Present

Multitasked during busy shifts, allowing for efficient completion of tasks.

Communicated with emotional customers to maintain a calm atmosphere.

Pushed new hires to take on unfamiliar tasks, allowing their training to be completed after 30 hours of working.

Projects

Website Build | Prospective Medical Professionals

May 2020 - April 2021

- Displays events, student resources, blog entries, images, links to other webpages.
- Worked with designers and other developers to create a clean and attractive layout
- Self-taught Javascript, HTML, CSS, and Git to complete tasks

Volunteer Experience

Ambassador and Outreach Executive | The Global Spotlight

December 2019 - March 2022

Participated in the formation of seminars and workshops relating to social aspects, such as LGBTQ+ acceptance, racial discrimination education, mental health awareness, and many more.

English Tutor | Academic Assistance from a Distance

October 2020 - April 2022

Privately tutored English over Zoom call to a young girl in India. Used many different ways of increasing engagement and enrichment with lessons, such as through videos, word games, and story reading.
